  8. To receive information from County Councillors G Morgan and G Preston
  9. To discuss Planting on the roundabout near Long Bridge and making park areas more nature friendly – Tamlin Watson, Member of Zero Carbon Llanidloes will join us for 10 minute discussion – her request is below

*We are involved with organising the shift of planting on the small town roundabout from annual bedding plants to something more sustainable (i.e no plastic pots or peat) by replacing the bedding plants with perennials for pollinators. We are getting the community involved with growing the plants we will use, and Montgomeryshire Wildlife Trust have offered plants and funding should we require it which is very encouraging, we have certainly had a brilliant community response.*

*I also have a couple more questions. Who would we need to contact to discuss whether we can get permission to make our town park a little more nature friendly and interesting for us humans to enjoy? It would be a community venture with people's children encouraged to be involved too.*

10. To receive a 10 minute presentation from Matt Hexter, Camlas Cymru – his request - *I am approaching you on behalf of my client Bute Energy who are in the process of consulting on two renewable energy parks which they wish to develop in the vicinity of your community council. They would be eager to meet with you to discuss both developments and associated community benefits. – More info on this to follow*
